

# DxF Bi-Weekly Update

*The Center for Data Insights and Innovation (CDII) is providing this bi-weekly communication to provide important updates and information on the Data Exchange Framework (DxF).*

## DxF Updates

- CDII has transitioned the DxF Bi-Weekly Update to Constant Contact, an email marketing platform. As part of this transition, we have combined our legacy listserv with our DxF Bi-Weekly Update listserv. If you would like to unsubscribe, you can do so via an unsubscribe option at the bottom of this email.
- CDII has added a [Standards Committee section](#) to the CDII DxF webpage. In this section you can find upcoming meeting information, committee members, and past meeting materials.

## DSA SIGNATORY GRANTS:

- The progress report deadline for submission by September 30, 2024 has passed. All QHIO Onboarding grants wherein the grantee has selected a QHIO were submitted timely - thank you to all of the QHIOs involved!
- ALERT: If you are a Technical Assistance grantee or a QHIO Onboarding grantee who has not selected a QHIO yet, look for an email from CDII's third party administrator (TPA) PCG about submitting your delinquent progress report immediately.
- If you are not sure whether a progress report was submitted for your grant, sign into the DxF Grants Portal.
  - If assistance is needed, contact PCG at [dsagrants@pcgus.com](mailto:dsagrants@pcgus.com) or [\(866\) 698-6525](tel:8666986525).

## POLICIES AND PROCEDURES:

- In its meeting on Friday, September 27, 2024, the Standards Committee recommended that CDII advance requirements in the Data Elements to Be Exchange P&P to include US Core Data for Interoperability (USCDI) version 3 by January 1, 2026, to align with federal requirements for health care providers.
  - Watch here for news on actions on this recommendation.
  - See below for information on future meetings of the Standards Committee.
- To review all P&Ps, refer to the [Policies and Procedures subsection](#) of the CDII DxF webpage.
