California Health & Human Services Agency
Data Exchange Framework Technical Advisory Committee (TAC) Meeting
Chat Log (12:00 PM – 1:00 PM PT, August 7, 2025)

The following comments were made in the Zoom chat log by Members of the TAC and staff during the August 7, 2025, meeting:

00:37:31 From Catalina Cole | Manatt Events:
What are the strengths and weaknesses of this model? Who is most impacted if there is a poor performer? Are there privacy concerns with this approach?

00:51:06 From Julie Silas, Homebase (she/her):
Agree with Cindy - the CoCs probably look more like small physician practices

01:01:00 From Julie Silas, Homebase (she/her):
Homebase is working with BluePath and Georgetown's Massive Data Institute to launch a Community of Practice to work on data matching and data sharing and one of the primary functionalities we will be providing TA on for the managed care plans (MCPs) and Continuums of Care (CoCs - also known as the local homeless system of care) will be to do event notification for housing status between the CoCs and their local MCPs.
