

**California Health & Human Services Agency
Data Exchange Framework Technical Advisory Committee (TAC) Meeting
Q&A Log (12:00 PM – 1:00 PM PT, September 18, 2025)**

The following table shows comments that were entered into the Zoom Q&A by public attendees during the September 18, 2025, meeting:

Count	Name	Comment	Response(s) ¹
1	Sophia Chang	I believe that Julie's use case would start with a referral (from hospital to homeless system of care).	
2	Mary-Sara Jones	For community based organizations (CBOs), is it possible that generic emails are sent to the CBO to inform them there is an alert. The CBO can then check the alert in the HIPAA secure portal? That would provide a low cost option for notifications.	
3	Mary-Sara Jones	Can you clarify the definition of notification? Does it refer to only ADTs? To referrals? To all data exchange? The question of real-time may be easier to answer by starting with what data or types of transmissions are included.	
4	Tina Schaible (NCHIIN)	Can we explore HIE to CIE data sharing architecture tied to event notifications to see if there are some best practices that can be	

¹ Responses may have been provided by various Data Exchange Framework Technical Advisory Committee Members, Guest Presenters, or Data Exchange Framework staff.

		brought forward so we know what works.
